**NOTICE DUTY OF COOPERATION**  
Release of these plans contemplates further cooperation among the owner, his contractor, and the landscape architect. Design and construction are complex. Although the landscape architect and their consultants have performed their services with care and diligence, they cannot guarantee perfection. Communication is imperfect, and every contingency cannot be anticipated. Any ambiguity or discrepancy discovered by the use of these plans shall be reported immediately to the architect. Failure to notify the landscape architect compounds misunderstanding and increases construction costs. A failure to cooperate by a simple notice to the landscape architect shall relieve the landscape architect from responsibility for all consequences. Changes made from the plans without consent of the landscape architect are unauthorized, and shall relieve the landscape architect of responsibility for all consequences arising out of such changes.
